

Day 1 – 25th May, Monday

Time	Topic	Location	Tutor(s)
08:30	Arrival & Registration	Reception	S Hackett
08:50	Welcome & Introduction; Course Objectives	Seminar Room	D Ziyaie
09:00	Clinical Assessment of FI & ODS an Overview	Seminar Room	D Ziyaie
09:30	Clinical Assessment of Urinary Incontinence	Seminar Room	V Kay
10:00	(Group 2) - Surgical Anatomy of the Pelvic Floor	Anatomy Lab	T Wilkinson / C Lamb B Tang
10:45	Introduction to Lap Suturing	Seminar Room	
11:00	<i>Coffee / Tea / Trade Stands (Group 2)</i>	Dry Lab	
11:15	Practical; Intracorporal Suturing	Wet lab	
10:00	(Group 1) – Health Professionals Working in a Multidisciplinary Team	Seminar Room	I Pullar / C Davie / L Gray T Wilkinson / C Lamb
10:45	Anatomy of the Pelvic Floor	Anatomy Lab	
11:30	<i>Coffee / Tea / Trade Stands (Group 1)</i>	Dry Lab	
12:00	Theatre Live Link Lap VMR) K Campbell	Seminar Room	D Ziyaie
12:30	Management of Urovaginal Prolapse	Seminar Room	V Kay / Z Tkacz
	Surgical Management of Rectal Prolapse	Seminar Room	D Ziyaie
13:30	Lunch / Trade Stands		
14:30	Imaging in Pelvic Organ Prolapse	Seminar Room	C Chew
15:00	Physiological Testing / Endo-Anal Ultrasound	Seminar Room	S Koch
15:30	PTNS	Seminar Room	I Pullar / C Davie
16:00	Coffee / Tea / Trade Stands	Dry Lab	
16:15	MDT Interactive Patient Case Discussions / Presentations	Seminar Room	V Kay / Z Tkacz / V Laxman
17:30	End of session		
19:00	Course Dinner Sponsored by Covidien		

25th to 26th May 2015

Day 2 – 26th May, Tuesday

Time	Topic	Location	Tutor(s)
08:50	Outline of the day	Reception	K Campbell
09:00	Management of Constipation & ODS Surgeon's Perspective	Seminar Room	K Campbell
09:30	Management of Constipation & ODS Gastroenterologist's Perspective	Seminar Room	M Eugenicos
10:00	Management of Constipation & ODS Physiotherapist's Perspective	Seminar Room	I Pullar / C Davie
10:30	Coffee / Tea / Trade Stands	Dry Lab	
11:00 11:30 12:00	(Group 1) – Health Professionals Rectal Irrigation Conservative Management / Urinary Incontinence Conservative Management / Faecal Incontinence	Seminar Room	L Gray / C Davie / I Pullar
10:45	(Group 2) - Surgical Introduction / Rectopexy Model LVMR Practical	Wet Lab	All tutors
12:30	Lunch / Trade Stands		
13:30	Management of Intractable Diarrhoea	Seminar Room	M Eugenicos
14:00	Sacral Neuromodulation	Seminar Room	S Koch
14:30	Sphincter Bulking	Seminar room	K Campbell
15:00	Coffee / Tea / Trade Stands	Dry lab	
15:30	Case Specific Video Presentations	Seminar room	D Ziyaie
16:00	MDT Interactive Patient Case Discussions	Seminar Room	All tutors
17:30	End of session		

Pelvic Floor Dysfunction - Diagnosis to Management 25-26th May (Allied Health Professions)

Showing 14 of 14 responses

Showing **all** responses

Hiding questions **17 & 18**

1 DAY ONE SURVEY Monday 25th May

1.1 Clinical Assessment of FI & ODS

1.1.a Clinical Assessment of FI & ODS - Please rate how strongly you agree that the following sessions were useful.

1.1.b Clinical Assessment of FI & ODS - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.2 Clinical Assessment of Urinary Incontinence

1.2.a Clinical Assessment of Urinary Incontinence - Please rate how strongly you agree that the following sessions were useful.

1.2.b Clinical Assessment of Urinary Incontinence - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
missed this	136489-136483-8256493

1.3 Anatomy of the Pelvic Floor

1.3.a Anatomy of the Pelvic Floor - Please rate how strongly you agree that the following sessions were useful.

1.3.b Anatomy of the Pelvic Floor - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing all 3 responses	
excellent. Means so much more now than when a student!	136489-136483-8140138
?Prof/Dr Wilkinson was excellent!n Great to recap on the basics and look at the speicims.	136489-136483-8133746
missed this	136489-136483-8256493

1.4 Theatre live link lap VMR

1.4.a Theatre live link lap VMR - Please rate how strongly you agree that the following sessions were useful.

1.4.b Theatre live link lap VMR - If you answered Strongly Disagree or Disagree please provide further information so

we can improve the delegate experience

Showing all 2 responses	
not so useful to me in my role	136489-136483-8133807
Excellent to get to see a surgery and ask questions. The Commentary from the surgeons in the room was also excellent.	136489-136483-8133746

1.5 Working in a Multidisciplinary Team

1.5.a Working in a Multidisciplinary Team - Please rate how strongly you agree that the following sessions were useful.

1.5.b Working in a Multidisciplinary Team - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
Unfortunately I didn't find this aspect so beneficial as I didn't find it informative	136489-136483-8133746

1.6 Management of Urovaginal Prolapse

1.6.a Management of Urovaginal Prolapse - Please rate how strongly you agree that the following sessions were useful.

1.6.b Management of Urovaginal Prolapse - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.7 Surgical Management of Rectal Prolapse

1.7.a Surgical Management of Rectal Prolapse - Please rate how strongly you agree that the following sessions were useful.

1.7.b Surgical Management of Rectal Prolapse - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.8 Imaging in Pelvic Organ Prolapse

1.8.a Imaging in Pelvic Organ Prolapse - Please rate how strongly you agree that the following sessions were useful.

1.8.b Imaging in Pelvic Organ Prolapse - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.9 Physiological Testing / Endo-Anal Ultrasound

1.9.a Physiological Testing / Endo-Anal Ultrasound - Please rate how strongly you agree that the following sessions were useful.

1.9.b Physiological Testing / Endo-Anal Ultrasound - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.10 PTNS

1.10.a PTNS - Please rate how strongly you agree that the following sessions were useful.

1.10.b PTNS - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.11 MDT Interactive Patient Case Discussions / Presentations

1.11.a MDT Interactive Patient Case Discussions / Presentations - Please rate how strongly you agree that the following sessions were useful.

1.11.b MDT Interactive Patient Case Discussions / Presentations - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

2 Please comment on up to three aspects of the day that you particularly liked.

Showing all 14 responses	
Anatomy of pelvic floor Assesment of FI and ODS Imaging of Pelvic Organ Prolapse Working in A MDT	136489-136483-8125684
pelvic floor anatomy - very useful to see the specimens. PTNS- a fairly new treatment to some so helpful to raise awareness. General discussion of cases interesting and informative.	136489-136483-8133807
Loved the anatomy lab	136489-136483-8135202
Anatomy lab fantastic. Well organised and not too big a group	136489-136483-8140138
Very much enjoyed and benefitted from the time spent in the anatomy lab. Also enjoyed the MDT interaction which can be lacking at times within my workplace.	136489-136483-8146817
Anatomy lab especially useful!	136489-136483-8144978
The presentations on examination, the anatomy tutorial and the live link to theatre	136489-136483-8133746
Having a MDT centred approach to patient care; anatomy refresher very useful and the clinicians were very knowledgable; increased awareness of the surgical options available for patients.	136489-136483-8188457
missed the anatomy but it sounded excellent	136489-136483-8256493
Imaging particularly interesting	136489-136483-8270815
Enjoyed anatomy section in lab, live theatre link, imaging in pelvic floor prolapse.	136489-136483-8275150
Input from all clinicians, very much enjoyed the anatomy session	136489-136483-8382842
Hearing about the surgical options available was useful as I work in a smaller hospital and don't have ready access to surgeons to ask about the procedures.	136489-136483-8431908
I enjoyed the discussion between the different members of the MDT as we were able to hear different thoughts towards techniques and management theories	136489-136483-8619532

3 Please comment on up to three aspects of the day that you feel need improvement.

Showing all 11 responses	
None	136489-136483-8125684
Layout of lecture room. Was difficult to see and hear speakers from some positions.	136489-136483-8133807
none	136489-136483-8135202
Dont put K campbell on straight after lunch. His talks are excellent but I find his voice very soperific!	136489-136483-8140138
Mic for speaker in seminar room	136489-136483-8144978
The chairs - very uncomfortable!! Eveything else was fine	136489-136483-8133746
Comfort breaks or more interactive participation to be more active	136489-136483-8188457
a fair bit of overlap between the speakers	136489-136483-8256493
Due to mixed group of attendees felt out of my depth at times.However kept my own notes to research further the areas that were unfamiliar to myself. Handouts would have been useful.	136489-136483-8275150
Having some edited handouts and/or access to the powerpoint would help as it was sometimes to fast to write notes.	136489-136483-8431908
even though I know it was necessary to split the group, some aspects of the MDT work would have been useful for the medical staff to see	136489-136483-8619532

4 DAY TWO SURVEY Tuesday 26th May

4.1 Management of Constipation & ODS Surgeon's Perspective

4.1.a Management of Constipation & ODS Surgeon's Perspective - Please rate how strongly you agree that the following sessions were useful.

4.1.b Management of Constipation & ODS Surgeon's Perspective - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.2 Management of Constipation & ODS Gastroenterologist's Perspective

4.2.a Management of Constipation & ODS Gastroenterologist's Perspective - Please rate how strongly you agree that the following sessions were useful.

4.2.b Management of Constipation & ODS Gastroenterologist's Perspective - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

excellent but very hurried and I feel that I may have got more out of it had we had more time.	136489-136483-8133746
--	---------------------------------------

4.3 Rectal Irrigation

4.3.a Rectal Irrigation - Please rate how strongly you agree that the following sessions were useful.

4.3.b Rectal Irrigation - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.4 Conservative Management / Urinary Incontinence

4.4.a Conservative Management / Urinary Incontinence - Please rate how strongly you agree that the following sessions were useful.

4.4.b Conservative Management / Urinary Incontinence - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.5 Conservative Management / Faecal Incontinence

4.5.a Conservative Management / Faecal Incontinence - Please rate how strongly you agree that the following sessions were useful.

4.5.b Conservative Management / Faecal Incontinence - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.6 Management of Intractable Diarrhoea

4.6.a Management of Intractable Diarrhoea - Please rate how strongly you agree that the following sessions were useful.

4.6.b Management of Intractable Diarrhoea - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.7 Sacral Neuromodulation

4.7.a Sacral Neuromodulation - Please rate how strongly you agree that the following sessions were useful.

4.7.b Sacral Neuromodulation - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
I did not attend this session	136489-136483-8382842

4.8 Sphincter Bulking

4.8.a Sphincter Bulking - Please rate how strongly you agree that the following sessions were useful.

4.8.b Sphincter Bulking - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
I did not attend	136489-136483-8382842

4.9 Case Specific Video Presentations

4.9.a Case Specific Video Presentations - Please rate how strongly you agree that the following sessions were useful.

4.9.b Case Specific Video Presentations - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing all 2 responses	
? not completed due to lack of time.	136489-136483-8146817
I did not attend	136489-136483-8382842

4.10 MDT Interactive Patient Case Discussions

4.10.a MDT Interactive Patient Case Discussions - Please rate how strongly you agree that the following sessions were useful.

4.10.b MDT Interactive Patient Case Discussions - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
I did not attend	136489-136483-8382842

5 Please comment on up to three aspects of DAY TWO that you particularly liked.

Showing all 13 responses	
FI and ODS GI Perspective Physiotherapist's Perspective	136489-136483-8125684
Talks on management of constipation. Casual chat with delegates from other Trusts.	136489-136483-8133807
Loved the way everyone interacted and challenged each other's thinking - very inspiring	136489-136483-8135202
Very relaxed courses so lots of interaction	136489-136483-8140138
Interaction between various health professionals and all opinions being valued. More interactive than day 1 and interesting to observe rather than mainly listening.	136489-136483-8146817
Having gastro perspective	136489-136483-8144978
The GI section of the day was very informative but hurried	136489-136483-8133746
Interesting to receive a Gastroenterologist perspective on the patient management; interactive patient discussion very useful and informative.	136489-136483-8188457
gesture talk first thing was excellent	136489-136483-8256493
Found information from Gastroenterologist particularly interesting	136489-136483-8270815
management of constipation & ODS by surgeons, gastro-enterologist and physiotherapists. Whole day was very beneficial and helpful in my clinical role.	136489-136483-8275150
Finding out more about the SNS	136489-136483-8431908
I particularly enjoyed the input from the gastroenterologist perspective, medication use was useful	136489-136483-8619532

6 Please comment on up to three aspects of DAY TWO that you feel need improvement.

Showing all 10 responses	
None	136489-136483-8125684
I would prefer case study discussion earlier in the day.	136489-136483-8133807
none	136489-136483-8135202
Again, mic for speaker.	136489-136483-8144978
More time to cover the GI lectures.	136489-136483-8133746
As day one.	136489-136483-8188457
overlap. more anatomy	136489-136483-8256493
Felt all areas were relevant and did not require improvement.	136489-136483-8275150
Again handouts.	136489-136483-8431908
N/A	136489-136483-8619532

ADMINISTRATION

7 Please respond to the following statements.

7.1 The online booking process was simple and effective.

7.1.a The online booking process was simple and effective.

7.1.b The online booking process was simple and effective. - If you answered Disagree or Strongly Disagree please provide more information so we can improve the delegate experience.

No responses

7.2 Once in the hospital the Cuschieri Skills Centre was easy to find.

12 Will you make any changes to your working practice?

YES  12 (85.7%)
 NO  2 (14.3%)

12.a Please give brief reasons:-

Showing all 13 responses	
will provide more advice to patients on bowel management.	136489-136483-8133807
I am only starting out in this area of medicine so everything will be new for me.	136489-136483-8135202
Increased awareness of obesity problems! More emphasis on positioning	136489-136483-8140138
Aware of importance of MDT working and benefits for patients to this practice, therefore plan to try to initiate case discussions or similar.	136489-136483-8146817
better MDT knowledge	136489-136483-8144978
An improved understanding of GI factors	136489-136483-8133746
I have increased knowledge and awareness of diagnosis to management options and feel more informed in options that may be available in order to ensure appropriate onward referral.	136489-136483-8188457
no options to work with good MDT at the moment	136489-136483-8256493
No physiotherapeutic advice given that I am not already following	136489-136483-8270815
Increased knowledge of conservative measures in management of constipation, FI and diarrhoea.	136489-136483-8275150
I am much more aware of the work of the MDT and therefore will discuss with them more openly	136489-136483-8382842
I will be able to answer more of my patient's queries.	136489-136483-8431908
i am now interested in using a fod map	136489-136483-8619532

12.b What was the most important thing you learned from this event?

Showing all 13 responses	
An open and flexible approach to care of people with continence problems works best. Simple solutions / advice can make a huge difference.	136489-136483-8133807
To take care of my own pelvic floor so that I can support others to do the same	136489-136483-8135202
That there are GI consultants with an interest in this field	136489-136483-8140138
As a.	136489-136483-8146817
better awareness of surgical techniques	136489-136483-8144978
GI aspects of the assessment and treatment of these conditions. It reinforced that I take the right approach to my physical examinations	136489-136483-8133746
Successful MDT working, communication and treating the patient holistically.	136489-136483-8188457
detailed surgery	136489-136483-8256493
Better understanding of surgical options	136489-136483-8270815
The management of constipation is complex and more difficult than the management of faecal incontinence.	136489-136483-8275150
Medications used and surgical techniques	136489-136483-8382842
That my work with patients is more appreciated than I thought and we're not just the last result.	136489-136483-8431908
importance of communication between teams	136489-136483-8619532

13 Please comment on up to three aspects of the course that you particularly liked.

Showing all 11 responses	
Anatomy of pelvic floor Imaging in Pelvic organ prolapse Constipation and ODSGI Perspective.	136489-136483-8125684
Staff commitment and dedication to develop skills, MDT commitment to work together, anatomy lab	136489-136483-8135202
Informal setting which facilitated discussion. Excellent facilities and learning environment.	136489-136483-8146817
anatomy, mixed professions of delegates	136489-136483-8144978
Good centre, excellent staff, good learning enviroment.	136489-136483-8133746
Gaining different perspectives on how the MDT deals with the patient; anatomy session; The evening meal too!!	136489-136483-8188457
interaction was excellent	136489-136483-8256493
Anatomy in lab. Video of live bowel surgery. Conservative measures available for management of Faecal incontinence.	136489-136483-8275150
Interaction between all MDT, anatomy session and informal environment	136489-136483-8382842
The interaction of different professions and their different approaches.	136489-136483-8431908
communication between members	136489-136483-8619532

Thank you for a very enjoyable and informative two days. Excellent organisation, catering and overall facilities.	136489-136483-8146817
Thank you very much.	136489-136483-8133746
Thank you! You have a fantastic facility...thoroughly enjoyable two days!	136489-136483-8188457
thanks very much. excellent value and great staff	136489-136483-8256493
Thank you very much, really enjoyed the course.	136489-136483-8275150

Pelvic Floor Dysfunction - Diagnosis to Management 25-26th May (Clinicians)

Showing 8 of 8 responses

Showing **all** responses

Hiding questions **17 & 18**

1 DAY ONE SURVEY Monday 25th May

1.1 Clinical Assessment of FI & ODS

1.1.a Clinical Assessment of FI & ODS - Please rate how strongly you agree that the following sessions were useful.

1.1.b Clinical Assessment of FI & ODS - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.2 Clinical Assessment of Urinary Incontinence

1.2.a Clinical Assessment of Urinary Incontinence - Please rate how strongly you agree that the following sessions were useful.

1.2.b Clinical Assessment of Urinary Incontinence - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.3 Anatomy of the Pelvic Floor

1.3.a Anatomy of the Pelvic Floor - Please rate how strongly you agree that the following sessions were useful.

1.3.b Anatomy of the Pelvic Floor - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
Tatme lecture did this better as getting prosecutions to show fascia and replicate operations is very different as objectives of surgeons and anatomists is very different	136497-136491-8114996

1.4 Laparoscopic Suturing

1.4.a Laparoscopic Suturing - Please rate how strongly you agree that the following sessions were useful.

1.4.b Laparoscopic Suturing - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.5 Theatre live link lap VMR

1.5.a Theatre live link lap VMR - Please rate how strongly you agree that the following sessions were useful.

1.5.b Theatre live link lap VMR - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.6 Management of Urovaginal Prolapse

1.6.a Management of Urovaginal Prolapse - Please rate how strongly you agree that the following sessions were useful.

1.6.b Management of Urovaginal Prolapse - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
useful commentary on episiotomy	136497-136491-8115405

1.7 Surgical Management of Rectal Prolapse

1.7.a Surgical Management of Rectal Prolapse - Please rate how strongly you agree that the following sessions were useful.

1.7.b Surgical Management of Rectal Prolapse - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.8 Imaging in Pelvic Organ Prolapse

1.8.a Imaging in Pelvic Organ Prolapse - Please rate how strongly you agree that the following sessions were useful.

1.8.b Imaging in Pelvic Organ Prolapse - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response

Excellent but needed more images	136497-136491-8114996
----------------------------------	---------------------------------------

1.9 Physiological Testing / Endo-Anal Ultrasound

1.9.a Physiological Testing / Endo-Anal Ultrasound - Please rate how strongly you agree that the following sessions were useful.

1.9.b Physiological Testing / Endo-Anal Ultrasound - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.10 PTNS

1.10.a PTNS - Please rate how strongly you agree that the following sessions were useful.

1.10.b PTNS - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

1.11 MDT Interactive Patient Case Discussions / Presentations

1.11.a MDT Interactive Patient Case Discussions / Presentations - Please rate how strongly you agree that the following sessions were useful.

1.11.b MDT Interactive Patient Case Discussions / Presentations - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
Very good but needed more time	136497-136491-8114996

2 Please comment on up to three aspects of the day that you particularly liked.

Showing all 6 responses	
The 2 talks from gynaecologists have a useful insight into options available and procedures that our patients may have had done in the past. The model for suturing was good, especially as there was one model per delegate allowing maximum time. Faculty gave helpful advice, but didn't interfere with finding my own way to complete knot tying. For me personally, I really enjoyed the live operating session, especially seeing how so of the difficulties were dealt with in an unedited format. It's a 4th, but Dr Chew gave an excellent talk, very dynamic presenter	136497-136491-8112875
Practical aspect. The gynaecological input. The initial talk from dz	136497-136491-8115021
Live operating, gynaecology and urology	136497-136491-8114996
MDT discussion	136497-136491-8115405
Mix of hands on and lectures. Mix of medical and non medical expertise. Pelvic anatomy session	136497-136491-8137198
friendly staff, fairly informal atmosphere, good lunch!	136497-136491-8191063

3 Please comment on up to three aspects of the day that you feel need improvement.

Showing all 6 responses	
It would be helpful to send out the programme by email before the course	136497-136491-8112875
Anatomy needs more back to basics. Mdt was hurried as we run out of time. Lecture of suturing difficult to follow	136497-136491-8115021
Anatomy, more imaging examples and how to use imaging	136497-136491-8114996
Timetable in advance	136497-136491-8137198
Provide more detail in lectures; provide teaching in examining and investigating patients; provide more instruction on interpreting proctograms, anorectal physiology etc	136497-136491-8191063
Need more hands on sessions	136497-136491-8255661

4 DAY TWO SURVEY Tuesday 26th May

4.1 Management of Constipation & ODS Surgeon's Perspective

4.1.a Management of Constipation & ODS Surgeon's Perspective - Please rate how strongly you agree that the following sessions were useful.

4.1.b Management of Constipation & ODS Surgeon's Perspective - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.2 Management of Constipation & ODS Gastroenterologist's Perspective

4.2.a Management of Constipation & ODS Gastroenterologist's Perspective - Please rate how strongly you agree that the following sessions were useful.

4.2.b Management of Constipation & ODS Gastroenterologist's Perspective - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
Excellent	136497-136491-8114996

4.3 LVMR Practical

4.3.a LVMR Practical - Please rate how strongly you agree that the following sessions were useful.

4.3.b LVMR Practical - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

Showing 1 response	
Sorry went to nurses session	136497-136491-8114996

4.4 Management of Intractable Diarrhoea

4.4.a Management of Intractable Diarrhoea - Please rate how strongly you agree that the following sessions were useful.

4.4.b Management of Intractable Diarrhoea - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.5 Sacral Neuromodulation

4.5.a Sacral Neuromodulation - Please rate how strongly you agree that the following sessions were useful.

4.5.b Sacral Neuromodulation - If you answered Strongly Disagree or Disagree please provide further information so we can improve the delegate experience

No responses

4.6 Sphincter Bulking

4.6.a Sphincter Bulking - Please rate how strongly you agree that the following sessions were useful.

5 Please comment on up to three aspects of DAY TWO that you particularly liked.

Showing all 6 responses

Video presentation	136497-136491-8111611
The model worked very well, faculty and lab staff gave great support. The physiotherapists perspective talk was great, as trainees we often have little insight into the advice and interventions offered by our colleagues. More emphasis could be given to these non-operative techniques, which will be offered to almost all pts. The course has been very useful as a colorectal trainee, but I wouldn't hesitate to attend again, hopefully with other members of the mdt.	136497-136491-8112875
Good mix of lectures of medical and surgical approach.	136497-136491-8115021
All of it	136497-136491-8114996
Practical model worked well	136497-136491-8137198
same as day 1	136497-136491-8191063

6 Please comment on up to three aspects of DAY TWO that you feel need improvement.

Showing all 6 responses	
Perhaps ask delegates in advance to think of difficult cases to bring for mdt discussion. I know I have seen difficult pts, but difficult to bring to mind the details on the hop.	136497-136491-8112875
More time for practical	136497-136491-8115021
Met discussion ? Over lunch	136497-136491-8114996
More cases for mdt discussion	136497-136491-8137198
same as day 1	136497-136491-8191063
it's good if we have urologist to discuss urinary incontinence	136497-136491-8255661

ADMINISTRATION

7 Please respond to the following statements.

7.1 The online booking process was simple and effective.

7.1.a The online booking process was simple and effective.

7.1.b The online booking process was simple and effective. - If you answered Disagree or Strongly Disagree please provide more information so we can improve the delegate experience.

No responses

7.2 Once in the hospital the Cuschieri Skills Centre was easy to find.

7.2.a Once in the hospital the Cuschieri Skills Centre was easy to find.

7.2.b Once in the hospital the Cuschieri Skills Centre was easy to find. - If you answered Disagree or Strongly Disagree please provide more information so we can improve the delegate experience.

OVERVIEW

10 Please respond to the following statements.

10.1 The stated learning outcomes were fully met

10.1.a The stated learning outcomes were fully met

10.1.b The stated learning outcomes were fully met - If you answered Disagree or Strongly Disagree please provide more information so we can improve the delegate experience.

No responses

11 Please respond to the following statements.

11.1 I would score the course as excellent overall.

11.1.a I would score the course as excellent overall.

11.1.b I would score the course as excellent overall. - If you answered Disagree or Strongly Disagree please provide more information so we can improve the delegate experience.

Showing 1 response	
Some lectures lacking in detail; could have had a session on interpreting test results etc	136497-136491-8191063

11.2 I would recommend the course to colleagues.

11.2.a I would recommend the course to colleagues.

11.2.b I would recommend the course to colleagues. - If you answered Disagree or Strongly Disagree please provide more information so we can improve the delegate experience.

No responses

12 Will you make any changes to your working practice?

12.a Please give brief reasons:-

Showing all 5 responses	
I will be able to give much more informed advice to pts regarding management options.	136497-136491-8112875
Good use full discussions with the other clinicians	136497-136491-8115021
Gave me a good insight of how to develop a pelvic floor service in scotland	136497-136491-8114996
Consider appropriate sub specialist referral for suitable patients	136497-136491-8137198
Better understanding of pelvic floor disorders	136497-136491-8191063

12.b What was the most important thing you learned from this event?

Showing all 6 responses	
Learning more about the process of biofeedback	136497-136491-8112875
Be careful assessing	136497-136491-8115021
Local connections	136497-136491-8114996
Comments on lap VMR and neuromodulation	136497-136491-8115405
Good to see how the experts manage these difficult conditions and to see that there are patients that even they struggle with	136497-136491-8137198
Management of intractable diarrhoea	136497-136491-8191063

13 Please comment on up to three aspects of the course that you particularly liked.

Showing all 6 responses	
The LVMR model	136497-136491-8112875
Interactions and friendliness of faculty	136497-136491-8115021
Informal nature and mixing health care professional	136497-136491-8114996
comments on ODS MDT discussions	136497-136491-8115405
Venue Mix of clinicians and non clinicians	136497-136491-8137198
Please see details from day 1 & 2	136497-136491-8191063

14 Please comment on up to three aspects of the course that you feel need improvement.

Showing all 5 responses	
I would have liked to learn more about rectal irrigation systems and other devices for FI.	136497-136491-8112875
Anatomy revamp	136497-136491-8115021
Chronic pain, increase multidisciplinary nature to focus more on nursing roles and psychology and psychological approaches to these patients and something on sexual dysfunction and management in these patients	136497-136491-8114996
Formalise MDT cases Ask for cases from candidates pre course	136497-136491-8137198
Please see details from days 1&2	136497-136491-8191063

15 Please suggest further courses that Cuschieri Skills Centre could develop for your speciality.
